

The Kansas Association of Teachers of Mathematics is the statewide professional mathematics education association in Kansas. Affiliated with the National Council of Teachers of Mathematics, KATM is organized to support the following goals:

- ◆ To create and maintain greater interest in the learning and teaching of mathematics.
- ◆ To provide services and opportunities for professional growth and development of teachers of mathematics.
- ◆ To serve as a forum through which teachers and others interested in mathematics learning and education can discuss and respond to issues and activities affecting mathematics education in Kansas and the nation.
- ◆ To promote the value of learning mathematics and take positions which positively affect mathematics education in Kansas.
- ◆ To foster cordial relations among and between the various groups in Kansas who are interested in and impacted by mathematics education in the state.
- ◆ To represent the mathematics community as an active member of the Kansas Learning First Alliance

The KATM Executive Board is composed of: President, President-Elect, Secretary, & Treasurer plus elected representatives for elementary, middle/junior high, senior high, and college. The Board also includes: a Community Relations officer, a representative to the NCTM, six zone coordinators, a Membership Chair, and a Publications Editor.

PUBLICATIONS
